OKs provided protection to and facilitated the travel of local medics who were providing assistance to those negatively impacted by the hurricane.

**Person 10** described the mission of the OKs as security, close protection, and disaster relief, with some small business security, with members also being involved in the Patriot Movement. **Person 10** does not view the OKs as a "militia" organization, although initially **Person 10** did; however, **Person 10** advised [REDACTED] proved otherwise, revealing the OKs were a disaster relief organization, citing the Texas example where the OKs provided security and/or support to mobile medics in the area.

Furthermore, **Person 10** does not believe the OKs to be a violent "militia" organization, advising the majority of OKs support law enforcement, the U.S. government, as well as the U.S. Constitution, with the goal of wanting to help their community. **Person 10** advised he felt some OK members held a "militia" mindset, however felt the group overall would help police when requested. **Person 10** advised both he and **PERSON ONE** support law enforcement (LE).

As an example, **Person 10** described in July 2020 while both **Person 10** and **PERSON ONE** were in Louisville, KY, the OKs contacted the Louisville Metro Police Department (LMPD) to advise of the OKs being in the area and to coordinate with LMPD. **Person 10** advised LMPD met with the OKs and took photos of them, as well as each of their IDs, in order to identify the OKs should it be necessary if an incident occurred. Additionally, **Person 10** obtained contact numbers for the LMPD Shift Commander and Non-Emergency line should the OKs need to call for assistance.

However, while in Louisville, **Person 10** described the issues the OKs had with militia groups attempting to partner with the OKs to provide assistance. Although the OKs attempted to maintain certain guidelines by which to follow, the OKs often lacked personnel resources which necessitated allowing militia groups to assist with OK operations. In particular, **Person 10** described an instance where a member, or members, of another group showed up drunk, and **Person 10** also felt the individual or individuals held somewhat of a racist mentality. Although the OKs needed the additional assistance, **Person 10** spoke with **PERSON ONE** about this and they "kicked out" those group/s who did not align with the OK's mission or ideals. **Person 10** advised the OKs experienced no issues while in Louisville, KY.

**Person 10** met JESSICA WATKINS (WATKINS) in Louisville, KY in July 2020, and described WATKINS only as being a member of a militia group and having joined the OKs either before or after Louisville, KY. WATKINS brought two unknown males with her, however only WATKINS joined the OKs, and not the other two.

**PERSON ONE** conducts conference/planning calls prior to each event wherein **PERSON ONE** discusses event specifics such as; planning and security (ensuring the OKs contact local LE), dates of travel, local firearms laws, recommended clothing to wear (or not wear), etc. The Signal App was often utilized by [REDACTED] whereby **PERSON ONE** would set up multiple Signal chats, so much so **Person 10** would not monitor these chats to the point **PERSON ONE** would need to call **Person 10** to have **Person 10** read the chats.

**PERSON ONE** would ensure local LE was contacted by the OKs prior to the group attending an event, or at least an attempted contact was made, to inquire if local LE could use the OK's assistance. Referring back to the Louisville, KY example, **Person 10** advised the OKs also contacted the Louisville Fire Department to coordinate and offer assistance. The OKs would routinely determine whether state laws allowed for open or concealed carry and relay this information during conference/planning calls. Regarding January 5 and 6, 2021, **Person 10** was unsure who from the OKs made contact with LE in Washington, D.C., however assumed [REDACTED] made this contact as [REDACTED] was initially in charge of the security detail.

**PERSON ONE** would accept donations to pay or compensate **Person 10** for his security services during planned operations. **Person 10** confirmed he was paid, or compensated for meals or lodging arrangements, by **PERSON ONE** during security details. On at least one occasion **PERSON ONE** paid **Person 10** through [REDACTED] (a security contractor **Person 10** worked for) from which **Person 10** received a 1099 tax form. Regarding January 5 and 6, 2021, **PERSON ONE** compensated **Person 10** by paying for **Person 10**'s hotel, meals, and fuel expenses, and additionally paid **Person 10** for his security detail services.

Prior to **Person 10**'s participation with the OKs in Washington, D.C. on or about January 6, 2021, **Person 10** worked with **PERSON ONE** and/or the OKs during other events, such as voter protection, and other political rallies. Specifically, **Person 10** worked with the OKs during a Stop the Steal rally in Georgia in November 2020, and during the Trump Rally in Washington, D.C. in

Additionally, **Person 10** advised during these security details in November and December 2020, **Person 10** had no knowledge of the OKs planning to be in Washington, D.C. on January 6, 2021.

**Person 10** responded negatively to the following questions:

- To your knowledge, was there ever any discussion, by you or anyone you know (to include OKs), to take violent action on January 6, 2021, or after, if the Presidential election did not produce the desired result?
- Was there ever any pre-planning, or planning on January 6th, by the OKs to incite riots at the U.S. Capitol?

When questioned regarding **Person 10**'s actions on January 5 and 6, 2021, in Washington, D.C., **Person 10** advised he was providing V.I.P. security at select stages, to include stage 7, where "protectees" would be giving speeches. The security detail encompassed stage security and the protection of those individuals as they returned to their vehicles. **Person 10** cited the need for this protection after the Trump rally in December when individuals had been attacked by ANTIFA as they were leaving the rally. **Person 10** mentioned he was in charge of protection details for the [REDACTED]

**Person 10** advised at no time did he enter the U.S. Capitol, but stood with **PERSON ONE** by a fence which had been knocked down on the Northeast side of the U.S. Capitol. **Person 10** learned afterwards OKs had entered the U.S. Capitol, however advised no plan by the OKs included anyone going inside the U.S. Capitol. **Person 10** likened the "stack", which has been referred to publicly, as how a protection detail might move through a crowd. **Person 10** advised the

"stack" was not ideal, referring to the OKs who entered the U.S. Capitol, and he would not have done it in the manner it was conducted.

While in Washington, D.C., **person 10** never spoke to WATKINS and advised he was unaware WATKINS was there. **Person 10** attributed this to individuals not checking in when they arrived in Washington, D.C., so therefore **Person 10** was left to run the security details with less staff than he had planned. **Person 10** ultimately learned of individuals affiliated with the OKs who entered the U.S. Capitol, and referred to them as the "Florida Team", or the "North Carolina Team", however did mention WATKINS by name. **person 10** advised their actions made the organization look bad, and felt he was lied to afterwards by those who went in the U.S. Capitol.

In this sense, **person 10** was never told by those OKs who went inside the U.S. Capitol until later, which **Person 10** described as either finding out as he was driving home to Indiana that evening, or the next day. **Person 10** initially found out when KELLY MEGGS (MEGGS) sent **Person 10** a message on Signal chat, which **Person 10** was unable to retrieve. MEGGS allegedly told **Person 10** that MEGGS entered the U.S. Capitol to assist police, and those OKs who went inside assisted a police officer who was being surrounded by the crowd.

**Person 10** believed WATKINS advised **Person 10** the next day regarding WATKINS entering the U.S. Capitol. WATKINS advised she went in to render medical aid to those in need, however **Person 10** felt WATKINS was not completely honest when **Person 10** began seeing WATKINS provide interviews to reporters and hearing more of what allegedly happened when the OKs were inside.

**Person 10** specifically told the Florida group not to wear military Battle Dress Uniforms (BDUs), but they showed up in "full kit". **Person 10** additionally told individuals not to bring weapons, to dress appropriately (BDU reference), and warned against wearing tactical vests and/or plate carriers as these would be heavy and wearing them would quickly fatigue those who were not physically fit.

**Person 10** did not assault any LE Officers on January 6, 2021, nor to **Person 10**'s knowledge did any OKs or anyone affiliated with the OKs who were assigned to or conducting security details. **Person 10** was unaware of any OKs, including those who entered the U.S. Capitol, forcibly entering the U.S. Capitol. **Person 10** heard the door was open and the group walked in.

Both **Person 10** and **PERSON ONE** knew prior to the January 6, 2021 announcement of [REDACTED] illness, however the morning of January 6, 2021 was just when **PERSON ONE** made the notification to the group.

**Person 10** advised the group against the use of radio communications, as he felt radios would not be useful. **Person 10** primarily utilized text messaging, telephone calls, and some Signal chat in order to communicate with those on security details. **Person 10** had an additional plan to use a "runner" to go from stage to stage to physically check in with security teams, however this was not feasible due to the lack of manpower. A communications plan was necessary in order for **Person 10** to stay in contact with OK security personnel in case they needed water or had other concerns.

**Person 10** advised no Tactical Operations Center (TOC) was utilized by the OKs, and a TOC was not necessary as he cancelled the Quick Response Force (QRF) due to assessing a QRF would not be practical, or useful, due to blocked streets and the large crowd. However, when questioned, **Person 10** advised if utilized, the purpose of the QRF would have been to evacuate "protectees", the injured, and/or assist in the extraction of OKs if attacked by ANTIFA or others. When asked about utilizing weapons or boats as part of a QRF, **Person 10** advised it "wasn't us." When asked to clarify what he meant by "us", [REDACTED] advised neither he nor **PERSON ONE** mentioned bringing weapons into Washington, D.C., or using boats in a QRF response. **Person 10** added he heard about the QRF boat reference when he read it online in one of the affidavits.
