Trump Launched a Deadly Attempted Coup, Encouraging a Mob to Breach The US Capitol Building Because He Lost the Presidential Election	BuzzFeed News	01/06/2021	https://www.buzzfeednews.com/article/mollyhensleyclancy/trump-dc-maga-election-protests-capitol	<ul style="list-style-type: none"> • “A mob of almost exclusively white Trump supporters took over the Capitol because they believe Trump’s claims that the election was stolen. A woman was shot and killed inside the building.” • “Donald Trump launched a deadly attempted coup on Wednesday by unleashing a violent mob on Washington, DC, with thousands of extremists breaching the US Capitol and forcing senators and representatives to flee as they were certifying Joe Biden’s presidential election win. The Trump mob, flying MAGA and Confederate flags, sprayed police officers with chemicals, looted, and hung nooses, claiming to avenge their cultish leader’s delusional claims that the election was stolen from him. It was a terrifying and dark moment in American history.” • “Law enforcement officers — who in 2020 were quick to use force on anti-racism protesters — were easily overwhelmed by the predominantly white domestic terrorists.”

Bring the Insurrectionists to Justice	WSJ	01/07/2021	https://www.wsj.com/articles/bring-the-insurrectionists-to-justice-11610065179	<ul style="list-style-type: none"> • “No civilized country can accept or allow what we saw Wednesday with the violent assault on the U.S. Capitol. This was an attack on democracy itself. That is not just a phrase. Rule by the people relies on adherence to law and process. The assault and siege was an attempt to stop the work of democracy by halting the peaceful transfer of presidential power, our crowning glory for more than two centuries. This was a sin against history.” • “And so we should come down like a hammer on all those responsible, moving with brute dispatch against members of the mob and their instigators. On the rioters: Find them, drag them out of their basements, and bring them to justice. Use all resources, whatever it takes, with focus and speed. We have pictures of half of them; they like to pose. They larked about taking selfies and smiling unashamed smiles as one strolled out with a House podium. They were so arrogant they were quoted by name in news reports. It is our good luck they are idiots. Capitalize on that luck. Throw the book at them. Make it a book of commentaries on the Constitution. Throw it hard. They have shamed and embarrassed their country in the eyes of the world, which is not only a painful fact but a dangerous one. The world, and the young—all of us—need to see them pay the price.”
